Estimation of the Compression Strength of Corrugated Fibreboard Boxes and its Application to Box Design Using a Personal Computer: K. Kawanishi 29

Packaging Materials as Smoke Barriers during Fire: K. Salmén 41

The Effectiveness of the United Nations' Leakproofness Tests: G. Löschau 49

Vibration Testing of Filled Packages at Different Stress Levels and Vibration Modes: with Special Emphasis on 1-Litre Pure-Pak Milk Cartons: H. A. Sundell 55

New Items from Around the World 59

ISSUE No. 2 April–June 1989

Editorial: F. A. Paine 61

Browning and Crisping Theory: Could Microwaves Brown Food? R. J. Sheppard 63

Analysis of Vibration and Shock Occurring in Transport Systems: K. Hasegawa 69

The Role of Mathematics and Physics in Migration Predictions: P. C. Chatwin and L. L. Katan 75

Mechanical Stresses on Cargo During Ground Operations in Air Transport: T. Trost . . . 85

Folding Ratio and Erection of Folding Boxes under Production Conditions: H. J. Hohmann . 109

Book Review 119

News Items from Around The World 121

ISSUE No. 3 *July–September 1989*

Editorial: F. A. Paine 123

The Importance of the Compression Test Procedure for Plastic Drums for Dangerous Goods: P. Andre, M. Veaux and J. Victor 125

Preservation of Freshness of Yellowtail Fillet Packaged using Carbon Dioxide–Nitrogen Gas Mixture: M. Yasuda, H. Nishino, T. Chiba, H. Nakano and M. Yokoyama 135

Comparative Sorption of Citrus Flavor Compounds by Low Density Polyethylene: G. W. Halek and M. A. Meyers 141

Influence of Steel Roughness on Internal and External Corrosion of Tinplate Cans: J. Hollaender 147

Stability Criteria for Column Stacks: G. Löschau 155

Migration of BHT through Airspace in Food Package Systems: K. Terada and Y. Naito . . 165

Test Equipment for Simulation of ISO Container Transport: S. Østergaard 173

News Items from Around the World 177

ISSUE No. 4 *October–December 1989*

Editorial: F. A. Paine 181

Packaging Production and Consumption in the World and in Some Industrialized Countries: M. Pariat, J.-P. Pothet and M. Veaux 183

Compatibility of Polymeric Packaging Materials with Pharmaceutical Products: Estimation at *Migration Levels: H. Kim and S. G. Gilbert* 193

Packaging for Freshness and the Prevention of Discoloration of Fish Fillets: H. Oka 201

Polyvinyl Chloride and its Organotin Stabilizers with Special Reference to Packaging Materials and Commodities: a Review: K. Figge 215
